Coconut & Lemongrass Roast Chicken

- Ingredients**
- 1 Farm's Best Omega 3 Chicken
 - For the spice paste**
 - 4 lemongrass stalks, roughly chopped
 - 100 g onion, roughly chopped
 - 4 garlic cloves
 - 1.5 tsp ground turmeric
 - 4 red chillies, roughly chopped
 - 1.5 tsp shrimp paste or 2 tbsp fish sauce
 - 1.5 tsp salt
 - 2 tbsp white sugar
 - 2 tbsp oil

- For the marinade**
- 1 x amount of spice paste
 - 120 ml coconut milk

Cooking Instruction

- The day before you want to cook the chicken, prepare the marinade by blitzing the spice paste ingredients into a fine purée.
- Put the paste into a saucepan and fry it off over a medium heat, stirring constantly for 5 minutes.
- Now add the coconut milk, bring to the boil and simmer on the lowest heat for another 10 minutes, stirring often. Turn off the heat.
- If the sauce is a bit lumpy with bits of chilli or lemongrass, use a handheld blender to blitz it further so that it is smooth. Leave to cool.
- Once the sauce is cool, use half of it to smear all over the chicken, including underneath and inside the cavity, then place it in a large roasting tray and put it in the fridge overnight, uncovered, to let the flavours penetrate.
- Save half of the sauce to baste the chicken the next day.
- The next day, take the chicken out of the fridge and let it rest in its roasting tray on the kitchen counter, uncovered, for 2 hours to dry out further and to come to room temperature. Preheat the oven to 200°C.
- Cover the chicken with foil and place it in the oven to cook for 30 minutes.
- Halfway through the cooking time, discard the foil and baste the chicken with the remaining sauce. Roast for a further 30 minutes.
- At the end of the cooking time, take the tray out of the oven and rest for 15 minutes before carving. Spoon any excess sauce left in the roasting tray over the chicken just before you dig in.
